

Gold-Roll

Siding Insulation

Gold-Roll insulation is built for speed. Up to 150' long, this insulation reduces the number of seams. Gold-Roll is laminated on both sides which provides additional durability. This closed cell expanded polystyrene board is ideal in re-cover applications or new construction and is well-suited for any siding application.

Gold-Roll offers a stable R-value, dimensional stability, excellent water resistance and compressive strength properties. Facers can be clear or reflective.

- *Super fast installation*
- *Great for commercial applications*
- *Less seams, straighter lines*
- *1/4", 3/8", or 1/2" thick*
- *Light-weight, high strength*
- *Compatible with other insulations*

**Ultra Tough
Ultra Fast**

Gold-Roll EPS Properties

Thickness	R-Value @ 40° F	R-Value @ 75° F	PSI CR @ 10%
.5"	2.09	1.92	10.0
.375"	1.56	1.44	10.0
.25	1.04	.96	10.0
