

# Profile™ Neopor Siding Insulation

**Profile™ Plus** siding backer is engineered to meet the needs of every residing project as well as every budget. Manufactured using EPS, Profile offers a stable R-value, dimensional stability, excellent water resistants and compressive strength properties.

Profile siding backer gives additional strength which makes it less susceptible to impact damage from hail or rocks.

- **Fits any siding profile (vinyl, fiber cement, wood & steel)**
- **Fast manufacturing process**
- **Provides siding a solid feel**
- **Helps eliminate or reduce "wavy walls"**
- **Light-weight, high strength**
- **Allows wall to breath preventing mildew and rot**
- **Corner posts and starter strips available**

## Profile Neopor EPS Properties

Thickness	R-Value @ 23° F	R-Value @ 75° F	PSI CR @ 10%
1"	5.01	4.48	13.0
