

Profile™ Plus

Siding Insulation

Profile™ Plus siding backer is engineered to meet the needs of every residing project as well as every budget. Manufactured using EPS, Profile offers a stable R-value, dimensional stability, excellent water resistance and compressive strength properties.

Profile siding backer gives additional strength which makes it less susceptible to impact damage from hail or rocks.

- ***Fits any siding profile (vinyl, fiber cement, wood & steel)***
- ***Fast manufacturing process***
- ***Provides siding a solid feel***
- ***Helps eliminate or reduce "wavy walls"***
- ***Light-weight, high strength***
- ***Allows wall to breath preventing mildew and rot***
- ***Corner posts and starter strips available***
